There is a limit point value per fish of 20 points for weight and the Five (5) points awarded for the fish, with a maximum total point limit per fish of 25 points. Ties will be broken by dividing the diver's total fish weight by the number of fish – the higher score wins. Lionfish receive only five (5) bonus points per fish weighed.

All fish turned in must be in a fresh and whole condition and have all appearances of freshness. Fish that are shorter than Federal/State size regulations or that do not appear to be well iced and look fresh as per the judgment of the tournament Weighmaster, cannot be weighed, or if already weighed it can be disqualified. Only one participant of a tournament boat is required to weigh-in the fish for any fellow members of his boat. If a participant is weighing-in fish for a boat buddy, he must know the buddy's entry number and full name. If you elect to shoot Barracuda and/or Lionfish, you must properly remove & utilize the fish or you will be disqualified, no exceptions.

Latecomers (who wish to have their fish weighed-in for club tournaments) can have their fish weighed at the end of the official weigh-in, but only with the TBSC President's approval. To remove any misunderstanding for bystanders, the coolers holding these late fish, will have a large red X placed on top of the cooler with Red Tape.

19. **Protest:** Any diver may file a protest with the TBSC President or TBSC Vice President. Any protest must be filed before the start of trophy issuance. A **Protest Committee** will be made up of these current TBSC officers: TBSC President, the TBSC Vice President, the TBSC Secretary, and the TBSC Treasurer. All Protest Decisions will be made in a timely manner and **all decisions will be final.**
